Newsletter for September & October 2018

Under new management: Sylvia Coleman has kindly agreed to take over as Convenor with the help of John Saunders, who will oversee the actual meetings, and a small programme planning team including Keith Moore, James Patmore and Hilary Smith. As always we do ask other members of the group to help out if they can. This year we have 36 members which is a good number as long as we get an average of about 25 to 30 attending each meeting.

Meetings

Scout Hall at 2 pm on the first Thursday of each month. The cost is £1 each time you attend.

Admin Roster

We need 3 volunteers each month to help book-in members, layout the room and help with refreshments at the end.

Please put your name on the list or let Sylvia know.

Please do help generally even if you are not on the list for that day. Thanks.

Thursday 6 September An Introduction to....

- 2.00 pm Assemble and Book-in. Attendance fee £1.
2.10 pm Introduction by John Saunders.
Website, communications and security by Keith Moore.
Refreshments, whilst completing survey questions and raising issues at various tables.
4.00 pm Meeting ends.

Before this meeting please think about what you would like covered this year. Also let us know at this meeting what devices you use, what broadband speed you get and who your provider is. We will not be asking for your name and we will publish the results to all group members.

Thursday 4 October 2018 Workshop

Please bring your device (laptop, smart phone, etc) to this workshop. Initially the table will concentrate on specific issues, such as security. Later on you will be able to raise your own issues assuming that there is time.

What is your broadband speed? There are many websites that will run a speed test for you. Just Google "Broadband speed check". You need to note down your Download and Upload speeds after the check.

Newsletter Web Page: In future we plan to publish Computer Group news on a web page rather than circulate a pdf newsletter. Could you help with this? Keith will set up the page and show you how to update it. Here is your chance to learn a new skill and it should take very little of your time. Contact Keith soon.

Cannot make a meeting? Please let Sylvia know on the list or contact her via the web. [Click here to go to our web page](#), then click on the pigeon
